

WHAT TO KNOW TO SOUND LIKE YOU'VE READ THE BOOK

Overview – *Liquid Cool*, The Cyberpunk Detective Series

In the science fiction/cyberpunk detective series, author Austin Dragon shows why you never want to meet a cyborg in a dark alley. *Liquid Cool* is a cross between *Blade Runner* and the *Maltese Falcon*. There is plenty of gritty action, suspense, thrills, and plenty of laughs.

It's cyberpunk reimaged—science fiction meets the detective thriller in an ever-rainy world of colossal skyscrapers. Hovercars fly above in the dark, bustling skies and gray people walk below on the grimy, flashy streets of this “neon jungle.” Metropolis isn't a bad place, but it isn't a good one either. Uber-governments and megacorporations fight for control of the supercity, but so does crime.

Here, we meet Cruz, our private eye (and unlikely hero) in the tan fedora, in a supercity with a million victims and perpetrators. He investigates the Shoot Out on Sweet Street, but it all leads to a criminal conspiracy that threatens to destroy the entire City!

So, watch out for tech-tricksters, analog hustlers, and digital gangsters—psychos, samurais, and cyborgs aplenty—they may want your money, or your life, more than you do.

Welcome to the high-tech, low-life world of *Liquid Cool*.
